but given FREE to any one who will send us a club of ONLY FIVE yearly subscribers to THE NATIONAL TRIBUNE at

This statement does not seem reasonable upon the face of it, but our readers know that the extension of a subscription list to any newspaper involves an enormous expenditure in advert sing, and for other purposes. A new subscriber to any newspaper costs more than the publisher receives, owing to the expense incurred in procuring not be a large amount, as the package is I ght. bim. It is only subscribers who continue their patronage year after year who are profitable from a pecuniary standpoint.

We intend, at any c st, to put the subscription list of THE NATIONAL TRIBUNE to over a quarter of a million.

THE WORKS.

DESCRIPTION OF THE WATCH.

This watch is a tim piece gu ranteed to run with accuracy. It need only be wound ores every twenty four hours. No key has to be carried, but it winds and sets by a patent attachment shown in the cut of the works. The face, therefore, need not be opened to set it. It is suitable to earry in the pocket or to hang upon the wall in bedroom or parlor.

To save space the cuts are slightly reduced in size, the tace of the watch being one and seven-eighths of an inch in diameter and about on inch thick. It is no heavier than an ordi ary silver watch, and but a trifle theker. It has a strong, quick beat, aud runs in any position either at a standstill or in mution, and is not aff-cted by heat or cold. It is open-faced, with a heavy glass cive al. The cise is polished and inequered to re-emble gold. This material is frequently advertised as firegelt.

Our arrangements for the watch compel as to put a time limit upon this offer. We can only furnish this premium to those who order within sixty days. We regret to be chi jed to place any limit whatever, but the club is so small that it will not inconvenience anyone, we trust, to send in his names for the premium at once.

One or two names sent in at a time, with money for same, will be credited toward the c ub of five, and when five names at \$1 each have been sent, the sender can ask for the watch, and it will be sent him postage prepaid.

In order to demonstrate our entire confidence in our proposition, we guarantee the delivery of the watch in good running order; but if it should have been damaged in the mail, it can be returned to us for exchange.

This offer does not apply to, and will not include, subscriptions sisted by T. DeWitt Talmage. that have been sent prior to April 22.

A seavenir piece of china made in 1876 for the Centennial, and sold then for The watch will not be sold at any price, \$1.49, recently sold in New York for \$250.

The dishes are good, white body China, decorated with a faithful reproduction of Sir Antonio Moro's oil portrait of Caristopher Columbus. This is the portrait which Washington Irving decided was the best likeness of Columbus in existence, and used as a frontispiece for the second edition of his life of the Discoverer, which is the standard.

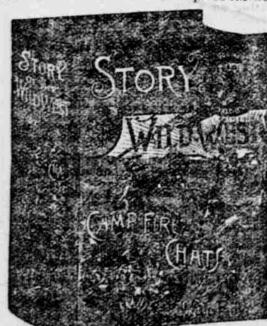

By special permission we have been allowed to make our etching, reproduced here, directly from the original painting itself. In addition to the portrait, the pieces are all decorated with a red and yellow band, the national colors of Spain, under whose flag Columbus sailed. On the bottom of the pieces is stamped the words "From the World's Fair, Chicago, 1893." All the decorations are burned indelibly into the glaze, and can never wear off.
